

1/4" Reserved for Background Art & Borders

5.75" Image Area

5.5" Final Product Trim

5" Copy Retention Area

5.5" x 8.5" Bleed Product

Note: This product will be reduced proportionately within 3% for coated and 4% for uncoated, to fit press. For exact size contact doodad-CS.

File Creation Tips:

Note: All blacks areas will default to overprint.

Adding "Rich Black Kickers" to large black areas and large bold black type over 36pts will create a darker black, in those areas. Adding these "Rich Black Kickers" will ensure the correct color balance in the 4 color image photo art.

Recommended "Rich Black Kicker" settings:
70% Cyan and 100% Black.

Avoid using White (Reversed/Knock-Out) type smaller than: 8pt over black solid areas and 10pt over 4 color areas.
