8" Copy Retention Area

8.5" x 11" Bleed Product

Note: This product will be reduced proportionately within 3% for coated and 4% for uncoated, to fit press.

For exact size contact doodad-CS.

File Creation Tips:

Note: All blacks areas will default to overprint.

Adding "Rich Black Kickers" to large black areas and large bold black type over 36pts will create a darker black, in those areas. Adding these "Rich Black Kickers" will ensure the correct color balance in the 4 color image photo art. Recommended "Rich Black Kicker" settings: 70% Cyan and 100% Black.

Avoid using White (Reversed/Knock-Out) type smaller than: 8pt over black solid areas and 10pt over 4 color areas.
